

**CRU STRATEGIES** is the management consultancy arm of the CRU group of companies. We offer consulting services targeted towards the metals, mining, power and cables industries. CRU Strategies currently employs 20 people and operates from London and from additional offices in Beijing, Sydney, Philadelphia and Seattle. Our services include company and operation valuations, performance improvement activities for individual operations and businesses, in depth market analysis, support in negotiations including supply contacts and general strategic consulting.

**SUMMER INTERNSHIPS:** We currently have vacancies for students wishing to undertake 6-8 week paid summer internships within CRU. These are usually awarded to outstanding undergraduate students who might potentially be interested in a career within CRU.

In general, interns work with individual members of staff on specific research projects related to the ongoing development programmes within CRU.

**THE CANDIDATES:** Candidates should have a good degree in economics, business studies, the sciences, engineering, mining or metallurgy. Exceptional candidates in other disciplines would be considered. Candidates must be strongly literate and numerate with good computer, analytical and problem solving skills.

**THE NEXT STEPS:** Please send your CV to Rebecca Gordon at [Rebecca.Gordon@crugroup.com](mailto:Rebecca.Gordon@crugroup.com) on or before January 6, 2006. Interviews will take place in January and February 2006.
